FRIDAY, JULY 28, 1893.

CRISP NOT IDLE.

WASHINGTON, July 24.—Ex-Speaker Crisp will arrive in this city on August 1st. On the night of Saturday, August 5th, the Democratic caucus will meet and he will be nominated for Speaker. On Monday, August 7th, the House of Representatives will formally assemble and the "ex" will be removed from Mr. Crisp's title.

Inasmuch as his re-election as Speaker is assured, he will have his committee lists well under way when he arrives, and will be ready to announce them within ten days of the meeting of the extra session.

HE HAS NOT BEEN IDLE.

He has very properly not been idle since the issuance of the call for the extra session, but has done what he can to get his part of the work under way so as not to delay matters beyond the actual necessities of the case.

Even before the committees are announced bills affecting the financial situation will be introduced in the House for reference. There will be bills to repeal the Sherman law in whole or in part, some with and some without substitute silver legislation.

While there is no doubt of the repeal of the purchase clause of the Sherman law, he would be a bold man who would predict just the shape of the bill which will be finally sent to the President after full discussion in both Houses.

THEN COMES THE TARIFF.

Next to the finances the subject which will call forth the greatest number of propositions—statesmanlike and otherwise—is the tariff. It is understood that both Mr. Springer and Mr. Wilson, of West Virginia, have been while the long summer days away in formulating tariff bills. Other members have doubtless been engaged in this pleasant pastime. All these products of Congressional gray matter will be presented to the House and referred to the Committee on Ways and Means, which, of course, will be deeply touched by these marks of esteem, and which will then proceed calmly to work to formulate its own tariff bill.

The talk that Secretary Carlisle and other Treasury officials are engaged in drawing up a tariff bill to be offered to the House as an Administration measure lacks foundation. It is simply midsummer gossip. Secretary Carlisle has told his friends distinctly that neither the President nor himself has ever thought of doing anything which might be interpreted as an attempt to dictate to the House what it should do in regard to the tariff. Treasury experts will be called before the Committee on Ways and Means, but further than that the Administration will have no part in the preparation of a tariff bill.

SUMMER COMPLAINT.

Last fall I was taken with a kind of summer complaint, accompanied with a wonderful diarrhoea. Soon after my wife's sister, who lives with us, was taken in the same way. We used almost everything without benefit. Then I said, let us try Chamberlain's Colic, Cholera and Diarrhoea Remedy, which we did, and that cured us right away. I think much of it as it did for me what it was recommended to do. John Hertzler, Bethel, Berks Co., Pa. 25 and 50 cent bottles for sale by A. F. Hargrave, druggist.

ONLY ONE GROVER.

All of Washington has been much interested during the past month in speculation about what might be going on and what was possibly to be expected at Gray Gables. And in connection with this discussion there has been an interesting bit of gossip floating about. It seems to settle one question pretty definitely. What ever may occur at Gray Gables there will be no second Grover Cleveland in the world at the end of the summer. Mrs. Cleveland is quoted by several of her friends in Washington as having said to them that she would never name a child of hers after her husband. "There shall be no second Grover Cleveland," she has said. "There was only one George Washington, only one Abraham Lincoln. There shall be only one Grover Cleveland."

2,228,672.

These figures represent the number of bottles of Dr. King's New Discovery for Consumption, Coughs and Colds, which were sold in the United States from March 31 to March 31, 1902. Twenty Million, Two Hundred and Twenty-Eight Thousand, Six Hundred and Seventy-Two bottles sold in one year, and each and every bottle was sold on a positive guarantee that money would be refunded if satisfactory results did not follow its use. The secret of its success is plain. It never disappoints and can always be depended on as the very best remedy for Coughs, Colds, etc. Price 50c. and \$1.00. At A. F. Hargrave's Drugstore.

WHAT TO SEE IN CHICAGO.

The problem, what to see in Chicago, is one that will vex every visitor. There is enough to see to keep one busy six months. Of course the great World's Fair will claim the larger part of one's time, but the great city of Chicago is none the less wonderful. Sixty years ago (the site of Chicago was the haunt of wolves; fifty years ago Chicago was a busy country town. Twenty odd years ago, when a city of 330,000 population, it was nearly swept from existence by the most awful fire ever kindled; to day it is the home of over a million and a half of people, and is one of the few really great cities of the world.

No one will miss seeing Chicago, and none should fail to visit that most wonderful scene, the Panorama of the great Chicago Fire, as it shows truthfully and upon a scale of grandeur never before attempted, a magnificent bird's eye view of the entire city, while the great fire was at its height.

Before the observers lie nearly two square miles of smoking ruins, five thousand blazing buildings, and ten times as many refugees trying to save themselves from an awful death. No one visiting the World's Fair can afford to pass by this remarkable exhibition. Its location on Michigan Ave. near Madison St., brings it within easy walking distance of all the principal downtown hotels.

IT SAVES THE CHILDREN.

"My little boy was very bad for two weeks with diarrhoea. We used various medicines, also called in two doctors, but nothing done him any good until we used Chamberlain's Colic, Cholera and Diarrhoea Remedy, which immediately cured him. I consider it the best medicine made and can conscientiously recommend it to all who need a diarrhoea or colic medicine. J. E. Hare, Trenton, Texas." 25 and 50 cent bottles for sale by A. F. Hargrave, druggist.

CARLISLE LOOKS HIGHER.

The rumor that Secretary Carlisle had been selected for the vacancy on the Supreme Bench was promptly disposed of. The Secretary's denial confirms other evidences that the President has not yet turned in his direction. The indications are that the President will select Justice Blatchford's successor from the 2nd Judicial Circuit, and it is more than probable that the new Justice will

come from New York. Secretary Carlisle would not accept a position on the Supreme Bench just now; he has his attention fixed upon a higher position. He was the first of all the Cabinet Ministers to meet the Democratic demand for the removal of the Republican of officials solely on political grounds. That has popularized the Secretary with the old line Democrats to a degree that, for the present at least, affords him encouragement to hope for the Presidential nomination. The one reply of Secretary Carlisle to Republican officials who protested that sufficient notice had not been given them of their removal, is quoted among Democrats everywhere and will be remembered. He said to them: "You had sufficient notice when the votes were counted last November." Many prominent Democrats have already assured Mr. Carlisle of their support for the next Presidential nomination, basing their action upon his course in removing Republicans without seeking to make excuses therefor.

ONLY ONE THING TO DO.

"What's the matter, old man?"
"Oh, I've just had a quarrel with my wife."
"Well, forget and forgive."
"I never can forgive her." You see, I was in the wrong."
"Then, in that case, demand an apology."—Brooklyn Life.

SUBJECT TO PAIN IN THE STOMACH.

Elder S. S. Beaver, of McAllisterville, Juniata Co., Pa., says his wife is subject to cramp in the stomach. Last summer she tried Chamberlain's Colic, Cholera and Diarrhoea Remedy for it, and was much pleased with the speedy relief it afforded. She has since used it whenever necessary and found that it never fails. For sale by A. F. Hargrave, druggist.

WORLD'S FAIR PHILANTHROPISTS.

Messrs. Boddie Bros., wealthy Chicago gentlemen, having the interest of their city at heart, and desiring to disprove the falsity of the statement that only in boarding houses can be found moderate priced accommodations during the World's Fair, remodeled and furnished at great expense one of their famous absolutely fire proof business structures, located corner of Franklin and Jackson streets, with in short walking distance of the Union Depots, Theaters, Postoffice, Board of Trade, Steam, Elevated, Cable Roads and Steamboats to the World's Fair, furnished newly throughout 500 rooms, superb parlors, elevators, electric lights, exhaust fans to keep cool entire building, named the property THE GREAT WESTERN HOTEL, and invite the public to take their choice of rooms for \$1.00 per day, children 5 to 12 fifty cents. Elegant restaurant and dining rooms where fine meals are served at 50 cents, or a la carte at very moderate prices. There would be less heard or known of extortion and imposition connected with the World's Fair were there more public spirited, fair minded men in Chicago as are the owners and proprietors of THE GREAT WESTERN HOTEL. Our readers should write as early as possible to secure rooms, for they are being taken up rapidly.—St. Paul Daily News.

A YOUNG PHILOSOPHER.

"Hi, Jackson! See that messenger boy running? Let's stop him and ask him why he does it—just for fun."
"All right. Hi, there, boy! What are you running for?"
"So, I kin see longer when I has a mind ter," said the boy.—Truth.

THE OHIO CHEMICAL CO.—GENTLEMEN:—I have been using your cure for tobacco habit, and found it would do what you claim for it. I used ten cents worth of the strongest chewing tobacco a day, and from one to five cigars; or I would smoke from ten to forty pipes of tobacco. Have chewed and smoked for twenty-five years, and two packages of your Tablets cured me so I have no desire for it.
